

Parenting is “One Tough Job”

We are here to help!

“Nonstop” is every kid’s middle name.

April is Child Abuse Prevention Month. We know that parenting is truly “one tough job”, full of many rewards, beautiful moments, laughs, and love. But the reality of raising children today is that parents become stressed and overwhelmed.

We get it! We know how hectic your life is, and we want you to know about resources in McKean County available to parents. Go to our website and click on the McKean County Resource Directory.

www.McKeanFamilyResources.net

Sponsored by The McKean County Collaborative Board, **a network of McKean County organizations that promote strong families, healthy childhood and positive youth development.**
